Other Important Information
Definitions
<p>“Controlled Load” These tariffs are generally only available where the hot water system or other appliance is separately metered and can be time-controlled to operate at low-demand times. Off- peak tariffs are sometimes called ‘controlled load’, and will always operate with some other tariff type in place for the other times of the day (for example single rate tariffs or time of use tariffs)</p> <p>“Daily Supply Charge” is a charge that applies for supplying electricity to your premises for each day of the billing period, regardless of your consumption.</p>
<p>“kWh” stands for kilowatt hour and is the unit of measurement for your electricity bill.</p>
Eligibility
<p>The above standard offer is available to all Victorian residential customers within the United distribution area who have a GD/GR or GH/GL meter (excluding Solar PV customers). The details presented in this Price and Product Information Statement is for a residential customer located in the SP Ausnet distribution area.</p>
Variations
<p>We may vary your rates under the market retail contract terms and conditions. If we do so we will advise you in writing or by email with 30 day’s advance notice. You will be able to terminate our agreement without penalty within that month.</p>
<p>Please note that 30 days advance notice is not required when rates are varied to recover increases in network, environmental, market, metering, regulatory and pass through costs.</p>
Contact us
<p>For further information about our terms and conditions please visit www.onlinepowerandgas.com.au or should you have any other queries please contact us on (03) 8354 6800 during the hours of 9am – 5pm.</p>
Complaints
<p>Customers who have any complaints with our service may contact the Victorian Energy and Water Ombudsman, an independent and free service, on 1800 500 509 or http://www.ewov.com.au/.</p>
<p>This Energy Price Fact Sheet is presented in accordance with requirements of the Essential Services Commission (ESC) – the independent regulator of the retail energy industry in Victoria.
